A Month of Joyful Discoveries

Dear Parents,

Every new month begins with a story and July has been one of smiles, curiosity, laughter and little milestones that will be cherished for years to come.

Each morning, our corridors came alive with cheerful greetings and eager footsteps. Tiny hands explored, curious minds questioned and bright eyes sparkled with excitement as learning unfolded through play, creativity, music and meaningful experiences.

The magic of Bubble Day filled the air with laughter, reminding us that the simplest moments often create the happiest memories. Through classroom activities, competitions, choir practices and interactive learning experiences, our children discovered new talents, built confidence and learned the joy of working together.

Every picture captured this month tells a story—not just of an activity, but of a child growing a little braver, kinder, more independent and more confident than yesterday. These small moments are the building blocks of a lifetime of learning.

None of this would be possible without our dedicated teachers, whose passion transforms every lesson into an adventure and our supportive parents, whose encouragement continues to strengthen the bond between home and school.

As we turn the page to a new month, may we continue writing beautiful chapters together—celebrating every smile, every achievement and every step our little learners take towards a bright future.

With warm wishes,
Ms. Pritha Charles
KG Head

The KG Classroom Connection

Why Are Sight Words Important?

Sight words are common words that children learn to recognise instantly without sounding them out. Words such as **I, am, the, is, we, see, can, like, etc.,** appear frequently in books and everyday reading.

When children can recognise these words quickly, they read more fluently, understand stories better, and gain confidence in their reading abilities.

We encourage parents to spend **5–10 minutes each day** practising sight words with their child. Read storybooks together, point out sight words and encourage your child to spot them around the home, on labels, signs and everyday objects. These simple activities make learning fun while reinforcing reading skills.

Regular practice strengthens reading fluency, improves comprehension, builds confidence and lays a strong foundation for lifelong reading success. Your encouragement and support at home play a vital role in helping your child become a confident, enthusiastic and independent reader.

Warm Regards,

Mrs. Ebonnie
