KINGS KINDERGARTEN

NEWSLETTER

Little Moments, Lasting Memories!

Dear Parents,

Warm greetings from Kings Kindergarten!

October has been a wonderful month filled with joyful discoveries, creative expression, meaningful learning experiences and proud achievements. Our young Kingsians have explored new ideas, embraced exciting challenges and demonstrated growing confidence and independence through a variety of engaging activities and competitions.

I extend my heartfelt appreciation to all the parents who attended our Term I Parent–Teacher Meeting. Your valuable participation, thoughtful feedback and continued support strengthen the partnership between home and school, helping us nurture every child's unique potential.

This month also marked a beautiful new beginning as we welcomed our youngest learners through Vijayadashami admissions. We are delighted to have these little ones and their families join our Kings community and look forward to being part of their educational journey.

Adding to our joy, KINGS School achieved a proud milestone at AMPS TEACON 2026–27 (CBSE), receiving the prestigious Best School Award. We are equally delighted that Mrs. Monalisa from our Kindergarten Department was honoured with the Best Teacher Award. These recognitions reflect our school's commitment to educational excellence, dedicated teaching and the holistic development of every child. Heartfelt congratulations to the entire KINGS family!

At Kings Kindergarten, we believe that every little experience shapes a child's future. As educators and parents, our greatest reward lies in watching children blossom into curious thinkers, confident communicators and compassionate individuals.

Thank you for your continued trust, encouragement and partnership. Together, let us create more opportunities for our little learners to explore, discover, grow and shine.

With warm wishes,

Ms. Pritha Charles

TEACHERS' CORNER

Hear It, Say It, Blend It, Spell It!

PHONICS PIONEERS

1. Sound of the Month

Introduce selected letter sounds and words containing them. Example: sh – ship, shop, shell. Learning outcome: Children recognise sounds and connect them with words.

2. Blend and Read

Help children combine sounds to read simple words. Example: c – a – t → cat; s – u – n → sun.
Learning outcome: Children develop early reading and decoding skills.

3. Word Family Fun

Explore words with common spelling patterns. Example: -at – cat, bat, mat, hat. Learning outcome: Children identify spelling patterns and build new words.

4. Write It Right!

Encourage children who are ready to write phonics-based words and short sentences. Example: “The cat is fat.” Learning outcome: Children connect sounds, spelling, handwriting and sentence writing.

This Month, We Are Learning

- Beginning and ending sounds in simple words
- Consonant blends such as bl, cl and st
- Common digraphs such as sh, ch and th
- Reading and spelling CVC words such as cat, pin and hot
- Building confidence in reading short words independently

Our Little Achievements

Our young phonics pioneers are learning to listen carefully, recognise sounds, blend sounds and spell familiar words. Every new word is a step towards confident reading!

Try This at Home

Turn everyday moments into phonics adventures! Encourage your child to name objects around the house and identify their beginning sounds. Older children can try blending sounds to read simple words.

A Note to Parents

Ten minutes of playful reading and spelling practice each day can strengthen phonics skills and nurture a love of language.

Every sound we learn and every word we spell brings us one step closer to becoming confident readers and writers. Let us continue to explore, learn and shine through phonics!
