KINGS KINDERGARTEN NEWSLETTER

Growing, Learning & Shining Together!

Dear Parents,

September has been a month filled with energy, creativity, learning and joyful experiences for our little learners. From the excitement of GEO JAMBOREE – our KG Sports Day, to hands-on activities, creative competitions and Term I Assessments, every experience provided an opportunity for our children to learn, explore and grow.

It was wonderful to see our little champions participate with confidence, enthusiasm and team spirit. Through every activity, they continue to remind us that learning becomes truly meaningful when it is filled with curiosity, creativity and joy.

As we complete Term I, I sincerely appreciate our teachers for their dedication and our parents for their continued encouragement and support. Most importantly, congratulations to our little stars for their wonderful efforts and achievements.

Wishing all our children and families a happy and refreshing term break. We look forward to welcoming our little learners back for another exciting term!

With warm wishes,
Ms. Pritha Charles
KG Head

Happy Bodies * Happy Hearts * Happy Learners

Dear Parents,

For our little ones, every jump, hop, run, stretch and dance is much more than play—it is a joyful step towards growing strong and confident!

Through sports and active play, children develop balance, coordination and motor skills, while also learning to take turns, work together, follow simple rules and cheer for their friends. Most importantly, they discover the happiness of trying something new and feeling proud of what their little bodies can do.

Little Ways to Keep Them Moving at Home

- Move together! Dance to a favourite song, play catch or enjoy a family walk.
- Make movement playful. Try hopping like a bunny, walking like a bear or balancing like a flamingo!
- Give them outdoor time. Running, cycling and playground fun are wonderful ways to stay active.
- Celebrate the effort. A cheerful “You kept trying!” can mean more than winning.
- Let them choose. Allow your child to pick a favourite game or activity—it builds confidence and independence.
- Rest and refuel. Water, healthy food and a good night's sleep keep little bodies ready for another day of adventure.

Every child grows at their own pace, and every little effort deserves a cheer. Together, let's make movement a happy part of childhood.

LET THEM WIGGLE, GIGGLE, RUN AND PLAY...

because little steps today lead to big benefits tomorrow!

Mrs. Bearlins
UKG Teacher

GEO JAMBOREE

KG SPORTS DAY 2026

Where Shapes, Sports & Smiles Came Together! - 11 September 2026

Our Kindergarten Sports Day, GEO JAMBOREE 2026, was a vibrant celebration of energy, enthusiasm, teamwork and sportsmanship, beautifully woven around the theme “Shapes.” The occasion was graced by our Chief Guest, CA. G. Maxine Michelle, our beloved Chairman, Uncle Colin, Director Mrs. Jeya Agnes Daniel, along with our respected Principal Mrs. RincyJose, Head of sports Mr. Joshua, staff, parents and well-wishers. Their gracious presence and encouragement made the celebration even more memorable for our little champions.

As part of the programme, Uncle Colin honoured the Chief Guest with a bouquet, the Director Mrs. Jeya Agnes Daniel presented a memento, and our chief guest CA. G. Maxine Michelle declare the sports meet open adding warmth and significance to the occasion.

The day came alive with colourful shape-themed drills, energetic sporting events and the cheerful participation of our young athletes. Through each activity, the children displayed confidence, coordination, discipline and team spirit. Their excitement, determination and happy smiles filled the ground with wonderful energy.

Every little participant was a champion, making GEO JAMBOREE 2026 a beautiful celebration of fitness, friendship and joyful childhood memories.

Where Shapes Met Sports & Smiles!

Circle

"Round and Round,
Joy All Around!"

Square

"Four Equal Sides,
One Amazing Team!"

Triangle

"Three Strong Sides,
Reaching for the Sky!"

Tiny Chefs, Tasty Creations!

Our adorable Pre-KG children turned into enthusiastic little chefs for Little Chef Day! Through fun-filled, fireless food preparation, the children explored ingredients, textures, colours and flavours while developing independence and confidence. Measuring, mixing, arranging and serving made learning deliciously exciting!

TERM I ASSESSMENT

Celebrating

Learning & Progress

The Term I Assessment was conducted to understand and appreciate each child's learning progress. The assessment focused on age-appropriate concepts and skills developed throughout the term in a comfortable and encouraging environment.

Objectives

- To assess children's understanding of concepts taught during Term I.
- To identify individual strengths and areas requiring further support.
- To observe children's ability to recall and apply their learning.
- To encourage confidence and independent thinking.
- To support continuous learning and holistic development.
